GRANGE TRAIN SHUTTLE SERVICES

from Monday 27 February 2012

Train shuttles will operate to all stations along the Grange train line between Grange and Woodville Stations from Monday 27 February 2012 as support for substitute bus services.

The nature of the building work associated with the redevelopment of the Adelaide Convention Centre is such that at any one time two of the Adelaide Railway Station's nine platforms must be closed to allow for construction work.

To minimise the overall impact of this limited platform space, the decision has been made to provide alternate services for Grange and Tonsley line services for a period of approximately 12 months.

Thank you for your understanding and patience as we progress an infrastructure project of State significance.

Please see other side for timetable information.
